

NALS OF MICHIGAN
Board of Governors' Report
June 21, 2008

Chapter: NALS of CALHOUN COUNTY

Governor: Sharon E. Bradley, CER, PLS

Education at Monthly Chapter Meetings: During the last quarter our association have been dealing with membership issues and no education has been held at monthly meetings.

Seminars Planned or Completed by Chapter: The chapter is planning on restructuring our meetings so that more education will be offered during monthly brown-bag seminars.

Successful Chapter Projects: Staying alive and visible.

PP/PLS/ALS Activities: No certification activities have been held.

Other Programs/Events Planned or Completed by Chapter: We are undergoing change in our chapter. Our membership is very low and interest is lower. Our plan is to revamp our standing rules to use the internet to take care of our monthly business. This will allow us the ability to hold brown-bag lunch seminars at the larger firms throughout the city of Battle Creek. This will allow legal professionals from local law offices to participate in the education and possibly bring in new membership. Stay tuned for further updates on our progress.
